Inspirational Bathroom Spaces

Choosing and planning a new bathroom is an exciting time. After all, it's the only room where you can truly relax, refresh and revitalise.

Our collection has been carefully selected from leading manufacturers and suppliers to offer you a wealth of choice and styles. We realise that value is important to you, but not at the expense of good design.

Whatever aspect of your bathroom you're looking to revamp, you'll find our selection of products to be more than suitable.

We've included lots of handy hints, inspirational ideas and the very latest bathroom trends.

Our knowledgeable and friendly bathroom team is always here to guide you if you'd like some extra advice.

Let's start creating your dream bathroom...

Planning your Bathroom Space

There's a great deal to consider when thinking about the design and build of your new bathroom space.

Your bathroom space is one of the busiest rooms in your home. It must be functional and practical both night and day, but that doesn't have to be at the expense of style or comfort.

Things to Consider

Floor Plan

Whether the style you crave is one of understated elegance, full-on glamour or something more modest, planning ahead is the essential way to get the best out of your bathroom.

Your first step should be to devise a floor plan; see inner back page for a layout planner.

Think about what items you want to include, and how they will be used. It is crucial to make sure you factor in enough space for standing and moving around.

Suitability for All

Think about who will be using your bathroom. Freestanding baths might look fantastic, but can be difficult for children or the less agile. Looks alone should not sway your decision, make sure you go for function as well as form.

Storage

Modern minimalist designs only work if all bathroom products are carefully and cleverly concealed. Plumbing paraphernalia is also best hidden away from view. Concealing it within furniture is a great solution, as it still remains accessible for any necessary maintenance.

Heating

Underfloor heating is an excellent alternative to radiators, offering a warming solution for a contemporary style bathroom. It is simple to install during the flooring phase, and provides heat across the entire room space.

Heated towel rails have also become a must-have for the modern bathroom. Choices range from the more traditional chrome and stainless steel finishes, to an array of colours that can be matched or contrasted with your other bathroom design preferences.

Decoration

There are many materials, styles, textures and finishes to choose from when decorating a bathroom. Tiles in a wet environment are the most popular option, as they are both practical and wonderfully aesthetic. They can also help make spaces appear much larger.

Using a panel of vibrant wall colour can create a dramatic look. Bold hues can add zest and warmth or when used sparingly against a sleek white bathroom will instantly create a modern contemporary feel.

Adding texture with more tactile materials such as wood and glass can be wonderfully relaxing, adding a spa-like quality to your space.

Mirrors & Lighting

Lighting can make a huge difference to the mood of your room. For example; flush fitted recessed lights in the ceiling will help fill the room with a soft ambient light.

Mirrors are not only a bathroom essential, cleverly used they can also make a bathroom seem both larger and brighter. And much like lighting, your bathroom may benefit from the use of multiple mirror configurations which can effectively alter any surroundings.

Sanitaryware

Bright, bold and beautiful.
Bathrooms that make a
statement in your home.

Create a bathroom of distinction with one of our stylish suites. Choose between modern curves or more traditional angles. Now is the time to be inspired and create a truly unique bathroom space in your home.

Quick-release and soft-close toilet seats are much more hygienic and will help make cleaning your sanitaryware easier.

Remote Control

Simple and clean design, functional operation at a glance; tilted design ergonomics, make the controller more comfortable to use and operate.

Rear Wash
You can adjust the water volume, water temperature and water pressure independently on rear wash function.

Self-cleaning Sprayer
The self cleaning sprayer ensures a clean and fresh wash.

Drying
You can adjust the air flow capacity and temperature on drying function.

Detachable Sprayer
The sprayer head can be disassembled freely to facilitate washing and keep clean.

One rotary knob control, easy operation

Side rotary knob control design integrates all smart functions on a minimalist knob, by rotating and pressing, it can easily achieve rear wash, lady wash and drying; as well as regulating the position and flow of the shower spray and water temperature.

Details Make The Design

Delicate feel, light guide with comfortable operation. Micromesh texture with intuitive touch. Many features with one control.

Furniture

Smart, stylish storage.
Keep your bathroom clutter
free and looking fantastic.

The perfect way to create a designer look,
reflecting a wide variety of styles. We have a
range of colours and finishes to complement
any bathroom, cloakroom, or en-suite.

Plumbing paraphernalia isn't a pretty sight.
Furniture helps keep everything hidden from
view, but still accessible for maintenance.

Fitted Furniture

Help to unify the look of your bathroom and maximise your available space by adding fitted furniture. Choose from five styles across 2 collections in a range of on-trend finishes.

It's easy to add fitted furniture to your new Esteem bathroom...

- Select a style and colour finish
- Decide on a combination of base and wall units to suit the spaces available, don't forget handles where necessary!
- Choose a basin and worktop to balance the look of your units

Complement your new bathroom space by adding designer accessories...

- Select co-ordinating bath and end panels
- Add a matched mirror or one from the Esteem range of Mirrors & Cabinets
- Complete your bathroom with an Esteem tap, designer towel rail and don't forget accessories - pages 358 - 365

Worktops

Our worktops have been developed to be used in conjunction with our semi-countertop basins. Just like our units they are available in standard or slim depths.

The Strata solid surface or laminate worktop range is designed to finish your units perfectly. Alternatively you can opt for our Isocast worktops with integrated basin for a sleek contemporary look.

Strata solid surface

Available in 4 finishes, supplied in 1280mm and 1880mm lengths and can be cut and finished at installation.

Cabinets & Mirrors

Bathroom must-haves that create the illusion of space. The finishing touches for an elegant bathroom.

Our collection of cabinets will keep things organised and create more space. Adding an attractive mirror to your design will help make your bathroom look bigger and brighter.

LED lighting in mirrors helps to simulate natural light, while demister pads prevent the glass from steaming up.

Baths

A luxurious long soak in a comfortable bathtub. Relax, refresh and revitalise.

At the end of your day, nothing beats a long hot soak in a bath for a feeling of relaxation and wellbeing. Our great selection of baths will allow you to take some time out and treat yourself.

A popular choice for both style and function, L and P-shaped baths in addition to the more traditional straight bath styles, are a great way to maximise space with matching bath screens.

Reinforced Acrylic Baths

All reinforced acrylic baths are constructed by both hand and automated processes, for efficiency and speed.

The first process is to form the bath from high quality 5mm acrylic, a full timber supporting frame is then added to both the base of the bath and the underside of the bath rim. This creates a strong base for the fibreglass sprayed layer, encapsulating the timber frame creating a durable and strong bath.

Finally the bath is coated with a mix of resin and grey paint, which provides a smooth and strong final bonded surface.

Premiercast Acrylic Baths

The ultimate premium reinforced acrylic bath

All Premiercast baths are constructed by hand. The bath is formed from high quality 5mm acrylic, to which a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base to then apply by hand, 7 layers of fibreglass matting.

Between each layer a resin bonding adhesive is added which, when dry creates a super strong encapsulated bonded core. Finally the bath is coated with a mix of resin and blue paint, which provides a smooth and super strength final bonded surface.

Taps

Striking creations, crafted to perfection. Create a beautiful focal point in your new Esteem Bathroom.

Taps are a crucial highlight of your bathroom or kitchen. Our range is designed to enhance the appearance of any room they occupy.

A minimalist look with a slim, high-rise tap combined with a vessel basin will create a stylish and contemporary designer feel.

Esteem Prestige Collection	P210 - 217
Esteem Range Taps	P218 - 226
Kitchen Taps	P228 - 229
Traps & Wastes	P230 - 231

Our new Esteem packaging is also sustainable, being easily recycled and biodegradable. It contains no plastic content.

CHROME 3+ FINISH

Many of our Esteem Chrome Taps are finished in a sustainable innovative 'Chromium 3 finish', also sometimes known as 'Green Chrome'. Where the C3+ logo appears, the decorative Chrome Plating has been conducted using a far more environmentally friendly process, helping to reduce potentially harmful toxins and pollutants being released into the wider environment.

COLD START

Cold Start, helps customers reduce energy costs by always starting from the cold position, reducing hot water demand when it may not be required, extending the life of Combination Boilers and helping to save the planet.

PRESTIGE COLLECTION

Esteem Prestige Collection, is a new family of products for the more discerning client seeking out the finest quality items for their Bathroom. Where you see the Esteem Prestige emblem, you can be assured that you are viewing items that are of the highest quality, combined with exceptional design aesthetics.

From pages 210 - 217 you will find our new Esteem Prestige Collection ranges of Bathroom Brassware, available in Matt Black, Brushed Brass, and Chrome finishes. These taps have exclusive design styling that will complement and elevate any Bathroom environment.

The taps also demonstrate superior design innovation with many of them harnessing Cold Start technology.

On pages 218 – 226 you will find our newly designed Esteem Tap Ranges. These offer many of the above characteristics, however with more variants to choose from, you can be confident that you will find something to perfectly suit your bathroom space.

Showering

Get gloriously drenched in stimulating surroundings.

Long, hot showers are one of life's simple pleasures that we all enjoy. Our complete showering range comes in all shapes, styles and sizes - each one designed with your satisfaction and enjoyment in mind.

Dual outlet shower systems allow you to switch between a fixed head and a more flexible showering handset. All showers are suitable for use with unvented water supplies, combi boilers, gravity and mains pressure systems.

Mixer Showers P234 - 247

Shower Enclosures P248 - 263

Shower Trays P264 - 267

Wall Panelling & Flooring

Stunning finishes coupled with low-maintenance surfaces that simply wipe clean - protecting your walls from water ingress.

The modern alternative to bathroom tiles

Easy to install and even easier to maintain, Esteem's beautiful bathroom wall panels and flooring come in a huge selection of colours, textures, and finishes, enabling you to create a contemporary design that matches your personality.

With wall panelling you can say hello to years of easy care and goodbye to cleaning grout and mould. Because the beautiful walls, floors, and ceilings come in a huge selection of exquisite colours and textures, a whole host of design possibilities open up for you to reinvent your bathroom in a style uniquely yours.

Trims

Rustic Bronze (The **Emree** Collection) FSC®-certified.

Wall panel trims for the Varento, Vennora and Emree Collections.

In order to ensure a watertight finish, trims are required for the outer edges of the panels as well as both internal and external corners. Finishes include antique gold, black silk, bright silver, satin silver and white.

Electric Underfloor Heating

Keeping your home warm

Don't want radiators to spoil the minimalist look you've created in your bathroom?

Underfloor Heating is a great way to keep rooms warm. It is simple to install when tiling, helps with condensation, provides heat across the whole room, and feels lovely and cosy under bare feet on a cold morning.

Underfloor heating has lower running costs than traditional central heating systems, and is considered a more environmentally conscious way to heat your home.

ThermoSphere Ultimate System (Heating cable and Membrane Mat)

Feel the warmth from beneath your feet.
 Providing the ultimate feeling of comfort and luxury, it is inexpensive to install and run.

Benefits

Affordable luxury.

Underfloor heating doesn't have to be an expensive extravagance. Our UFH (Underfloor Heating) range is an economical way to bring warmth to any room.

Standard radiator system

- Heat rises from floor to ceiling
- Heat loss through roof
- Creates draughts and uneven heat
- Cold floors and hot heads

Convection causes draughts and uneven heat spread

Underfloor heating system

- Even heat spread
- Comfortable room temperature
- No draughts
- Warm floors

Even spread of heat for maximum comfort

Running Costs* Heated Area

Time (hours)	2m ²	4m ²	6m ²	10m ²	15m ²	20m ²
1	3p	5p	8p	13p	20p	27p
2	5p	11p	16p	27p	40p	54p
3	8p	16p	24p	40p	60p	80p
4	11p	21p	32p	54p	80p	107p
5	13p	27p	40p	67p	101p	134p
6	16p	32p	48p	80p	121p	161p
7	19p	38p	56p	94p	141p	188p
8	21p	43p	64p	107p	161p	215

*The example above is calculated based on an output of 150w/m² in a room that meets Building Regulations Part L. The cost of electricity is an average of 22p/kWh

Low Running Costs

Our underfloor heating offers many economical advantages for your home;

- 100% efficient, so every £spent is converted to heat
- Heats up quickly, on average 20-30 minutes
- Save energy by only heating the rooms you want by creating heating zones

Applications

UFH products have a wide range of applications and can be installed on timber and concrete substrates.

Suitable for almost all floor finishes; here are some examples illustrating the composition.

Electric Underfloor Heating Mesh

What type of UFH do I require?

Product	Tiles	Stone	Laminate	Porcelain	Carpet
150W/m ² Mesh	•	•	•	•	•
200W/m ² Mesh	•	•	•	•	•
Ultimate System	•	•			

For small awkward areas and wet rooms, use Ultimate System.

For regular areas 1-24m² use 150W/m² Mesh. For high output use 200W/m² Mesh.

Electric Underfloor Heating Ultimate System

Always check with your flooring manufacturer before installing over an electrical underfloor heating system.

Cable Layout

Simple installation in irregular areas

Diagram below shows a typical bathroom layout.

Mat System Layout

Simple, flexible installation

Diagram below shows a typical bathroom layout.

Installation

Efficient underfloor heating.

UFH mats can be laid onto any substrate and we always recommend that you lay them onto insulation board for maximum efficiency and potentially reduced running costs.

There are two types of insulation board - Coated and Uncoated.

- Can make underfloor heating 50% more efficient
- From just 6mm thick
- Fast and simple installation
- 100% water and rot proof

Conduit & Sensor Installation

Illustration of an insulated timber substrate.

Insulation Boards - Coated

For use with timber substrates

Insulation Boards - Uncoated

For use with concrete substrates

ThermoSphere Mesh with insulation in living room

Vastly Reduce Heat-Up Times

Floor construction and final finish will govern the heat up times.

Sufficient insulation will greatly reduce heat up times and you will notice the difference in your energy bills. A well-insulated UFH system can be up to 50% more efficient. Average heat up times can be seen in the table below:

Concrete & 50mm Insulation Board	0.5 hours
Concrete & 10mm Insulation Board	1.0 hour
Un-insulated Concrete	5.0 hours
Concrete & Sub Surface Insulation	3.0 hours
Chipboard & 10mm Insulation Board	0.5 hours
Un-insulated Chipboard	1.0 hour

Prices shown include VAT. All dimensions in millimetres.

Without Insulation

With Insulation

Avoid heat loss and maximise the efficiency of your underfloor heating system

Features 3.5mm TwistedTwin Cable

Unique, stress free **TwistedTwin** cable construction creates a longer lasting heating cable with zero electromagnetic field. Safe even in wet areas.

Lighting & Ventilation

A refreshing approach to bathroom design.

Our extractor fans provide a fresh, cleaner atmosphere for your room. They help keep your bathroom properly ventilated, to prevent mould and mildew.

Bright, clear light is essential as you prepare for the day. Spotlights and downlights are ideal for directing a focused light towards any surfaces that are in high use.

Combine one light with another to ensure full coverage or brighten up certain areas to create a particular mood.
